

January 22, 2001

To whom it may concern,

My name is David Scoggin and I am a freshmen baseball player at Collin County Community College. I am a 6'3" 200pd. 3B/P. To play baseball is a privilege, at any level. Setting your mind to reach the next level is the first move and the second is to do as much as possible to prepare yourself for the challenge that awaits you. The Miracles Baseball Program is an ideal program for success. This program has helped me in so many different ways, whether it be pitching, hitting, fielding, or mental aspects of the game. The Miracles have superior coaching, knowledge, and contacts with the game of baseball. The Miracles strive for perfection every time. After participating in several highly recognized programs in the Houston area I've found the Miracles to be the most rewarding of them all. They offer a high quality of baseball, as well as a fun environment to play in. Some of my best friends and memories have evolved from the Miracles experience. Also, the Miracles Program has done a magnificent job of seeing that players reach their goal of the next level. I am a perfect example of this. After being with the Miracles for two years I was better prepared and a step ahead of the other players on my team now. Thus, earning myself a starting position on this year's 2001 roster. I have the Miracles Baseball Program to thank for this.

David Scoggin
