Houston, Texas 77066*

Mike and Coaches,

I watched a parent/parents get upset this weekend at our guys' tournament on how you and the coaches handled things and I realized that was me years ago when J.T. played for you. I wanted to truly apologize and I hope you will find it in your heart to forgive me. First, I hope parents realize when we aren't happy on the way things are being handled; it affects our boys on and off the field.

Thank you Miracles staff for always being there for J.T and Jacob. When J.T played with you, we could not understand a lot of the reasons why things were being done and we made the mistake of leaving the Miracles and thinking there were better opportunities elsewhere. We were so wrong. Thanks to the Miracle staff, J.T went back for lessons until he went off to college. Thanks to a former miracle staff member, J.T. is now playing for a college where he is being recognized at every game for all his talent he received from the Miracles. Because of this, his baseball career hopefully will continue on. Thank you for teaching my boys the quality of baseball whether you are on the field or off the field. Thank you for teaching my boys that baseball is hard work and when times get tough to never give up. Thank you for teaching them that God has given them such great gifts and abilities and if they work hard and do their very best, God will take care of the rest.

In closing, I hope parents will realize what a great organization the Miracles are and if we let you and your staff do your job, our boys will go on to follow their dreams of playing baseball someday. I am sure at some point, I'll not understand your decision/reasoning, but I will never doubt it is only to make my son better. This is a great bunch of boys Jacob is playing with and I want them to have the opportunity to become the best they can be. I hope every one of these guys stick together and play throughout high school. Their friendships will be lasting ones. We are here to the very end this time.

Thanks Mike and to his staff for being such great mentors.

Respectfully,

Dena Huckabay
